WHEREAS, Section 4 of said resolution authorized the Authority to execute with the Redeveloper a license for the purpose of early entry onto the Property for test borings and utility inspection.

NOW, THEREFORE, in consideration of these presents and for other good and valuable consideration, it is hereby agreed as follows:

1. This Agreement shall commence from the date hereof and shall continue in force and effect until terminated either, by notice at any time with or without cause from the Licensor which shall state the date of termination and the Licensee shall vacate the Property by said date, or in the event of final designation of the Licensee as the Redeveloper of the Property, on the date an appropriate Land Disposition Agreement, Deed and related instruments are executed respectively and by the Authority, whichever occurs first. Notwithstanding such termination, the Licensee shall remain liable for all obligations theretofore accrued by it hereunder and the obligations of the Licensee under Paragraphs 3, 4, 5, 6, 7, and 9 shall survive the termination of the Agreement, but otherwise the Licensee's obligations shall not survive termination.
2. The Licensor shall make available the Property in its then condition, "as is", it being agreed that, during the period of this Agreement, the Licensee shall have the opportunity to examine the same in all respects.

The Licensor has made no representations or warranties of any kind with respect to such condition and it shall have no obligation to do any work on or with respect to the Property, or the respective condition thereof.

Within seven (7) business days after submission of evidence of insurance, the Licensee shall submit a stability and subsoil examination program to the Licensor for approval and shall complete such work to the satisfaction of the Licensor within thirty (30) business days of receipt of such approval, unless the completion date is extended, and approval of any requests by the Licensee for extension of the completion date shall not be unreasonably withheld. If the Licensor disapproves the work program on the basis that additional work is required and upon notice thereof to the Licensee, it declines to perform such additional work for any reason, the Licensor may at its option by notice terminate this Agreement. The Licensor shall have the right to review all aspects of the work performed hereunder in order to insure that such work is undertaken in a manner and to the extent consistent with the obligations of the Licensee under this Paragraph and Paragraph 4 below.
